

VIEQUES ISLAND WILL NOT BE A BURDEN TO THE UNITED STATES #4

Vieques Caribbean Library Theme Park

By the Corporation of Development Socioeconomic Sustainable of Vieques, CODESU, INC.

Description: We have developed a full presentation for this proposed plan. However, please find this as a brief synopsis of our viable and Sustainable Development Plan for the economic development of Vieques. Puerto Rico is called worldwide, "The Welfare Parasite Island" a society created by the politician's strategies, and We Want to break through and put to work the 90% of our Population/Youth, creating over 4,000 fun jobs, direct and indirect. **"The Vieques Caribbean Library Theme Park"**

With your financial assistance will also allow us the creation of basic infrastructure, and Self-Sustaining Industry and a productive society. **Although Vieques** is a small island with a similar 8,050 population like Ketchikan, Alaska, and our Library Theme Park, will be a cultural and historical based attractions will create a Visitors Educational Service with our Life Library, also with our Folkloric Dances Glamorous Extravaganza ballet.

Vieques has 12 months of warm weather and a full year tourism season. The Navy built a magnificent mile long Structure, known as Mosquito Pier. These would be the bases to Expand and create a Wooden Port Terminal, similar to the one in St. Petersburg, Florida; thus through a Nature based Cruise line Industry, Vieques can generate needed employment and potentially become one of the best American Caribbean Recreational areas. Vieques can become more competitive than the Virgin Islands and one of the best attraction for American and International Families. Just compare Mosquito Pier, which is 3 times longer than the St. Petersburg Pier, then compare and project those earnings for Vieques.

Vieques the Greatest Investment of the United States

Marketing: With responsible planning and development, we can receive **Six Cruises daily**. This would include the already existing natural protected areas and the creation of family based historical cultural 6 Pavilions based on Taino, Spanish/Colonial and African cultures, and the rich history of Vieques, plus the Navy History Pavilion since World War II.

A Water Park with Artificial Water Falls and swimming pools recreating the Rain Forest will be an added attraction and floating

Aquarium, and the Aqua-Mini Golf, plus a Water Go-Kart & Ground Tracks. In a sustainable manner. Five Caribbean History Pavilions: 1. Taino Indians, 2. Spain, 3. African, 4. Famous People 5. Vieques, and the 6th Navy's Pavilion. Grant us an old submarine and old ships for touring, and All Non-Top Secret material, can be shown.

Financial Perspective: By selling an all included \$150.00 "Vieques City Pass". We project the Following, For example: 3,000 Pax x 8 Cruises daily = 24,000 visitors...

\$150.00 = \$3, 600, 000 dollars daily x 7 days = \$25, 200, 000 weekly x 4 weeks = \$100, 800, 000 Monthly x 12 month = \$1,209, 600,000 x 8% = \$96,768,000 Federal Tax U.S. Payment

YES, THE UNITED STATES CAN CREATE NEW THINGS TO MAKE AMERICA PROUD

In a number of cases the Federal Government has loaned money to various companies, but not limited to GM, Chrysler and through these loans the companies have been able to move ahead and thus stop depending on taxpayer money. In Vieques, the Federal Government spends a large sums on Social Welfare Assistance. You may give the Grant that We deserve or by granting us a loan of \$150 million dollars, we will not only be able to repay the Federal Government, we will be able to create a Solid Government with a Self-Sustainable industry and a self-sustainable strong economy.

REDUCING CRIME AND WELFARE TO LESS THAN 5% BECOMING A PRODUCTIVE SOCIETY: "MAKING AMERICA PROUD"
WE RATHER LIKE A GRANT, BUT WE WILL PAY BACK ANYWAY BECAUSE NOTICE THE 8% TAX, WILL BELONG TO THE FEDERAL DEPARTMENT OF TREASURY
Mrs. Yashei Rosario, President, Development Socioeconomic Sustainable Trust of Vieques, CODESU, INC.

WE WILL NOT BE A BURDEN
The \$100, 800, 000 profit x 12 month = \$1,209, 600, 000 annually, on the entrance only; plus the Tours, Souvenirs shops and a Fish Based Menu Restaurants by the seashore = **Vieques Self-Sustainable Development Plan**. A good amount of the profit will be deposit in an "Emergency Trust Account" to prevent us from repeating the Government of Puerto Rico financial mistakes. The remainder of the earnings that are not used for maintenance and operational facility expenses will be geared to assisting Vieques, such as:

- Will finance **CARIBBEAN MEDICAL CENTER WITH A CANCER CLINIC**. The proper machinery for, agriculture, poultry, cattle, and other livestock industry, like producing our own Milk industry locally. Finance to improve our hailing fishing industry, create sea farming and a Lobsters/Crab/Shrimping industry.
- To pursue our very own Ocean Thermal Energy Plant and produce our own water and electricity. Develop a partnership with a University to create a Bilingual Local Campus to create a well educate professionals society.

Vieques will become the Greatest Example Paying Back the Federal Government and will create a Solid Federal Government with a Self-Sustainable Strong Economy, becoming a very a Productive Society with the 3-Local Universities Development Program.

Sra. Yashai Rosario
HC2 Box 12914
Vieques, PR 00765

Estimada señora Rosario:

Acuso recibo de su reciente comunicación en la cual solicita el endoso municipal para la celebración del Referéndum de Soberanía Insular que propone celebrar el 25 de marzo de 2018. En su solicitud usted expresa que su meta es separar a Vieques de Puerto Rico a causa de que "EL PROBLEMA NOS SON LAS LANCHAS SINO 77 AÑOS DE NO DESARROLLO ECONÓMICO"

Realmente en mi experiencia como alcalde en estos últimos (5) cinco años he sentido el abandono tanto de mi anterior Administración como de ésta hacia el pueblo de Vieques. Cuando se hacían y hacen planteamientos y denuncias al Gobierno Central sobre la necesidad de mejorar los servicios de salud, transportación marítima, seguridad y otros servicios estatales, algunos funcionarios del ejecutivo o incluso aquellos que han ocupado o ocupan puestos electivos tratan de hacer ver que eso es responsabilidad exclusiva del alcalde, cuando en realidad la responsabilidad es del Gobierno Estatal, porque son servicios estatales. Pero para algunos "la culpa es ajena."

Inclusive en Vieques por años las carreteras estatales han sido completamente desatendidas por el Gobierno Estatal. El Municipio con sus limitados recursos las atiende como puede sin recibir un solo centavo de compensación o ayuda a cambio. Lo mismo con el problema de los caballos realengos en las carreteras estatales. El Gobierno Estatal se ha desatendido del problema dejando al Municipio solo en la búsqueda de alternativas para atender el problema de seguridad que esto representa para nuestro pueblo y aquellos que nos visitan.

Estamos también de acuerdo que hace falta un plan de desarrollo económico para Vieques. Lamentablemente son ciertos viequeses, además, del Gobierno de Puerto Rico, los primeros obstáculos al desarrollo de Vieques ya que se oponen a cualquier innovación y todo es no.

Durante mi administración siempre he apoyado toda expresión democrática de nuestra gente, sin buscar protagonismos hemos dado el espacio para que el pueblo se exprese, sea mediante asambleas de pueblo, donde hemos sabido participar y escuchar sin imponer ideas o posiciones o el referéndum del puente de Vieques, donde se dio la oportunidad a nuestro pueblo a expresar su posición sobre los sistemas de transportación entre Vieques y Puerto Rico.

cabo el referéndum de soberanía insular de Vieques, confiamos que puedan cumplir con los requisitos que se les establezcan y que puedan levantar los recursos económicos para cubrir los gastos de este ejercicio democrático.

Atentamente,

Hon. Víctor M. Emeric Catarineau
Alcalde
